

INFORMATION MANUAL

Ultratriathlon

Bad Radkersburg 2026

Dear participants of the Ultratriathlon Bad Radkersburg!

This manual contains all necessary information, which should support you in the planning and preparation as well as during the event.

We would like to point out that there may be updates until the start of the race. These will be announced at the briefing and registration.

This manual will not be handed out to the participants in printed form. It is only available in electronic form.

We wish you all a good preparation.

where: Parktherme Bad Radkersburg, Alfred-Merlini-Allee 7, 8490 Bad Radkersburg; **Coordinates: 46.68675882197805, 15.978813539567719**

TIMING

- The timing chip must be worn for the entire duration of the race. Passing on the timing chip to other persons (with the exception of exchange by officials) will result in immediate disqualification.

SWIM

- The pool is a FINA-certified 50-meter outdoor pool. There are 76 lengths (SINGLE ULTRA), 152 lengths (DOUBLE ULTRA & AQUABIKE) or 228 lengths (TRIPLE ULTRA & AQUABIKE) to be covered. Laps will be counted by lap counters. Refreshments during the swim are allowed at the poolside on the opposite side of the start.
- Wearing a cold weather suit (neoprene) is allowed but not mandatory. In case of low outside temperatures, the Jury reserves the right to decide to impose the use of cold protection suits. Other aids such as fins, snorkels or paddles are not allowed.
- In the transition area and at the pool edge there may be a maximum of one attendant.

Timelimit swim:

- SINGLE ULTRA: 2:45 h
- DOUBLE ULTRA & AQUABIKE: 4:00 h
- TRIPLE ULTRA: 6:00 h

where: Parktherme Bad Radkersburg, Alfred-Merlini-Allee 7, 8490 Bad Radkersburg

BIKE

- The bikes used must comply with the IUTA regulations (**ITUA Rules - point 10**).
- Wearing a bicycle helmet is mandatory!
- Start numbers must be attached to the bike, helmet and jersey (back).
- According to Austrian bicycle regulations, the following is required in darkness and poor visibility:

- From **07:00 p.m. to 07:00 a.m. (night mode)** and in conditions of poor visibility (**thunderstorms, rain**) - a white light to the front (not flashing and visible from at least 100 m) and a red light to the rear (visible from at least 150 m) must be mounted on the bikes and switched on.
- It must also be ensured that sufficient reserve batteries are available and the wearing of a reflective safety vest is recommended.
- Failure to comply with this regulation will be sanctioned or if there is no longer sufficient light, the athlete may only continue the ride after 07:00 a.m.
- Defects on the bike course have to be repaired by the athlete himself/herself or in case of irreparable damages the race management can be contacted.
- The bike course is not closed, the StVO (Road Traffic Regulations) must be rigorously adhered to. Other road users and animals must be expected at all times.
- Due to the harvest season, large farm vehicles may be on the road, so extra caution is required.
- **The participant is obliged to inspect the course before the start with regard to the course, road conditions and danger spots.** For this purpose, the bike course is already signposted from August 27, 2026.

The bike course consists of two parts:

Part 1 transit course (1 300m):

- From the transition area swim/bike to the beginning of the bike lap. This course will be run only once and will be regulated by course marshals.

Part 2 - bike lap (10,6 km):

- The bike course is clearly signposted at all intersections/junctions. However, each participant is responsible for navigation!
- **Cycling is an individual time trial without any personal escort!** Slipstreaming behind or beside a competitor or other non-motorized or motorized vehicles is prohibited. The minimum distance between the front wheel of the front participant and the front wheel of the rear athlete is 12 meters, laterally it is 2 meters. The overtaking process must be completed after 30 seconds. Overtaken athletes are responsible for restoring the distance and can only then start an overtaking process again. **An up to 20-minute-penalty will be imposed for slipstreaming**, which must be served in the transition area after completing the bike section. Further penalties may be imposed for other offenses. Refreshments may only be taken in the 'feeding zone - bike' (area of the sports stadium).
- In the area end/beginning of the bike lap is the feeding zone. For safety reasons, this area must be crossed at a maximum speed of **15 km/h!**
- Electronic devices:
 - The use of electronic devices such as cell phones or the use of headphones for music or telephone is not allowed during the cycling competition. For safety reasons a cell phone may be carried, the use during the ride is prohibited. The use of cycling computers/navigation devices is permitted, but in all cases care must be taken to ensure that no distraction is caused by their use.

RUN

- At the end of the bike lap is the transition zone "bike/run". From there, the marked run lap will be completed.
- Refreshments may only be taken in the `feeding zone – run`.
- **Accompanying participants along the running course is generally not permitted, but may be allowed if it serves the safety of the athlete in question. Accompanying participants on bicycles, scooters, etc., is not permitted. Participants may either run or walk; the use of any assistive devices is prohibited.**

PADDOCK, PARKING, FEEDING ZONE

- After the race numbers have been issued in the Race Office, each participant will be assigned a stand. A maximum of 6 x 3 metres of standing space is provided per starter!
- In the area of the paddock there is the possibility of a power connection (220V). **You have to bring your own extension cables!**
- WC and showers are located in the sports stadium and are accessible during the times of the race and the opening hours of the race office.
- Vehicles are only allowed to enter the paddock until **Friday, August 28; - 10:00 p.m.** and are only allowed to leave the paddock after the end of the cycling competition (**Sunday, August 30, 07:00 a.m.**).
- Alternative parking spaces are located in the vicinity (plan!).

FEEDING ZONE

Swim:

- By 1 supporter at the opposite pool wheel of the lap counter.

Bike:

- In the designated area as well as an official food tent that can be used by athletes without supporters.

Run:

- In the specified area as well as an official food tent that can also be used by athletes without supporters.
